Kitchen Troubles and the Remedy.

Only a few years ago it was considered good form to encase the sink in wood thereby concealing the trap, making it inaccessible and offering a place for the collection of filth and vermin.

If this condition exists in your household, let us remedy the trouble by installing a snowy white "Standard" Porcelain Enameled Kitchen Sink. Our work is satisfactory and prices right.

DEFENDS THE SOUTH

Senator Bailey Scores Virginia University President

AT CONFEDERATE RE-UNION

United States Senator Bailey Speaks Before Meeting of Confederate Veterans—Emphatic Denunciation of President Alderman of the University.

McGregor, Tex., Aug. 11.—United States Senator Bailey was the principal speaker at the Confederate reunion here yesterday, his subject being a defense of the South. His father was a confederate and his grandfather a federal soldier, being in one battle against each other. Among other things Senator Bailey said:

"I have been pained within the past few months to learn that a Southern man called to the presidency of the University of Virginia should speak disparagingly of southern traditions." He remarked that the University of Virginia, having been founded by Thomas Jefferson and being in a state with such a history as Virginia, should of all educational institutions be expected to teach the truth about the South. But Dr. Alderman, at a banquet in New York, had made a speech which, Senator Bailey declared, should have caused the blush of shame to mount to the cheek of every Southern man at the table.

"Where are the Calhouns and Clays and Davises of the South?" Dr. Alderman inquired, said Senator Bailey. "I mournfully acknowledge that they are gone; but why didn't he ask 'Where are the Websters and the Chances of the North?'"

Senator Bailey related an incident of had been introduced to appropriate \$25,000 to pay the expenses of a congressional delegation for the Portland exposition.

BOTTOMLESS PIT.

Two Locomotives Disappear in Peculiar Land Phenomena.

Middletown, N. Y., Aug. 11.—Efforts to rescue two locomotives which sank yesterday in what is known as the "Bottomless pit," on the Pine Bush branch of the Erie railway, have thus far failed. The branch line is temporarily out of business and a track is being constructed around the morass.

The sinking of the roadbed at this time, when there has been practically no rain for six months, accentuates the mere story of the spot which has been the talk of railroad men for years. When the road was built thousands of car-loads of trees, rocks, and dirt were dumped in to make a roadbed, but in a few months tracks and all disappeared and rebuilding was necessary. It is said the bones of a mastodon were dug up during the early operations there.

Senator Bailey related an incident of the last congress. A bill had been introduced to appropriate \$25,000 to pay the expenses of a congressional delegation for the Portland exposition.

He opposed it and succeeded in cutting it down to \$5,000 about \$400 for each of the members of the party more, if observed, than they would spend if they helped themselves. One of the senators who was to make the trip came to him and insisted that \$5,000 was not enough, in response to which Senator Bailey said: "If I were as rich as you are, I would pay my own expenses."

GROWERS LOSE MONEY.

Forecast on California Fruit Crop Erroneous—Prices Drop.

San Francisco, Aug. 11.—The Call says today:

Vast losses to the holders of shares in Chinese canneries in California are impending. As a consequence, great excitement pervades Chinese ranks. Two canneries owned by Chinese in this city are liable to lose at least \$75,000 each, according to current reports. Farmers of California are also out considerable sums if they lacked the foresight to take advantage of conditions that have been presented to them to make money on what was, not long ago, a rising fruit market.

These effects result from the same cause, a misapprehension, early in the present season, about the size of the prospective fruit crop of California. Many rumors were circulated early in the season that fruit would be scarce, and prices rose to a high figure at which existing contracts were made. Since then the situation has changed, fruit has come in freely and prices have dropped heavily. It is said most of the white canners escaped, forecasting the situation more accurately.

TEACHERS ATTACK CAR.

Bring Action Against Company for Alleged Breach of Contract.

Chicago, Aug. 11.—Ernest E. Cole, principal of the Darwin school of this city and 25 women school teachers who yesterday returned from the Lewis and Clark exposition at Portland, Ore., had the car which they traveled in attached on a claim of \$1,000 for breach of contract.

The teachers allege that the tourist company, which they paid \$155 each for the round trip, agreed to furnish full course dinners and first class sleeping accommodations on the car. Instead of these, they allege that they were fed on bacon, beans, fried potatoes and breakfast foods, and that the car was old and "stuffy."

STORY A CANARD

New York, Aug. 11.—Information received from Sorrento, Maine, is to the effect that statements published a few weeks ago concerning Mrs. William F. Cochran, a wealthy resident of Yonkers, was erroneous in announcing that she had been struck by lightning at her summer home. Friends of Mrs. Cochran say she is in her usual state of health, having met with no such experience as reported.
